

## **Black Hole Sun**

**G G/F#**  
In my eyes, indisposed  
**G/F Em7**  
In disguise as no one knows  
**Eb D**  
Hides the face, lies the snake  
**G F Bb**  
The sun in my disgrace  
**G G/F#**  
Boiling heat, summer stench  
**G/F Em7**  
Beneath the black the sky looks dead  
**Eb D**  
Call my name through the cream  
**G F Bb**  
And I'll hear you, scream again

**Eb D**  
Black hole sun, won't you come  
**G F Bb**  
And wash away the rain  
**Eb D**  
Black hole sun, won't you come  
**C D**  
Won't you come, won't you come

Stuttering, cold and damp  
Steal the warm wind tired friend  
Times are gone for honest men  
And sometimes far too long to snakes  
In my shoes a walking sleep  
And my youth I pray to keep  
Heaven send hell away  
No one sings like you anymore

### **Chorus (x2)**

#### **Interlude**

**G G/F#**  
Hang my head, drown my fear  
**G/F Em7**  
Till you all just disappear

### **Chorus (x2)**

#### **Outro**
